## EDUCATION

---

Ramdeobaba College of Engineering and Management

B.Tech in Electronics and Computer Science

CGPA: 8.0

Nagpur, Maharashtra

Expected Graduation, 2027

## PROFILE SUMMARY

---

Targeting **Full stack Developer** roles with an organization of high reputation with a scope of improving knowledge and further career growth.

- MERN stack (**MongoDB, Express.js, React, Node.js**) with a strong background in building scalable web applications
- Demonstrated ability to manage and deliver projects **efficiently**, from initial planning and design to final deployment and maintenance.
- Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

## PROJECTS

---

Cloud-Drop – Secure File Sharing Platform

June 2025- Current

Tools: React, Node.js, Express, AWS S3, Razorpay, Styled Components

Live: <https://clouddrop.pro>

A secure file sharing SaaS platform that allows users to upload large files, generate signed URLs, and share them with Customizable access controls.

### Responsibilities:

- Integrated AWS S3 for direct file uploads and dynamic signed URL generation, enabling quick and secure sharing of large files.
- Implemented email-based verification flow: the recipient first receives a verification email, and upon confirmation, a second email delivers the secure signed URL.
- Integrated Razorpay for managing free and subscription-based access plans.

ChatSync – Real-Time Chat Application

May 2024

Tech Stack: React, Node.js, Express, Socket.io, MongoDB, Cloudinary, Styled Components

Live: <https://chatsync-pqe6.onrender.com/>

A real-time chat application that enables users to exchange text messages and media in private with a clean and responsive interface.

### Responsibilities:

- Implemented real-time communication using Socket.io for instant message delivery across users.
- Integrated Cloudinary for efficient media upload and delivery (images/videos).
- Designed and built backend APIs with Node.js and Express to manage user auth, messages, and profile updates.

## SKILLS

---

**Programming:** Java, JavaScript, HTML/CSS, SQL, Node.js, React.js

**Tools:** AWS, Git, Postman
